## NEW PROPERTY MANAGER Jay Pollard

Ari-El Enterprises is very proud to announce the addition of Jay Pollard to our staff. Jay will be managing the day to day issues of the Ari-El portfolio.

Mr. Pollard has years of experience in commercial real estate as a property manager and is a former city councilman for the City of Sterling Heights. He has a Certified Property Manager (CPM®) designation from the Institute of Real Estate Management and was voted the Certified Property Manager of the Year in 2010.

## ARI-EL ACCESS

## On-line Maintenance Service Requests

If you are not already aware, Ari-El has introduced a free, convenient, easy to use system for submitting maintenance service requests that is as close as your computer keyboard. We recommend this system because you will easily be able to notify us of a service request and track your request from the time a technician receives the order until it has been completed. Once the request has been closed out, you will receive an e-mail notification and provide feedback on the completion of the request.

To receive your personalized user name and password call **Teana Bernard**, your Tenant Services Coordinator, directly at **(248) 327-4438**. Teana will be available to answer any questions you may have as you familiarize yourself with placing your on-line requests. For your convenience, a link to the log-in page is available on Ari-El's website on the Client Services page by clicking the Ari-El Access logo near the top of the page.

The log-in page is: <https://secure.360facility.net/ari-el/>

- REGISTER THE PROSPECT.** Return the completed coupon by fax or contact Marilyn Meredith by phone at 248-327-3989 and provide the contact information for the direct referral (prospect cannot be represented by a broker). If the prospect contacts us first, your registration must be done within 10 days following the date the prospect contacts our office.

- RENT CREDIT CERTIFICATE.** For leases, you will receive your Rent Credit Certificate after the rent commences for the new client.
