**HVAC MAINTENANCE TIME**

If your lease requires it, now is the time to have your HVAC system inspected (fall and spring) to be sure it is working properly and the filters are replaced.

Do you need a reliable contractor? Contact Dean Mechanical at 248-486-1990 or Stuart Mechanical at (248) 258-5800.

Be sure to provide us with a copy of your inspection report to so that you are in compliance with your lease. Fax it to the attention of Debora to 248-557-6442 or email it to her at [deborav@ari-el.com](mailto:deborav@ari-el.com).

**Make Way for Snow Plows!**

In order to provide our clients good service, our snow removal contractors require your cooperation to make sure their way is clear. Please remove vehicles or materials from the parking lot during the overnight hours when snow is predicted. By moving your company vehicles off-site, there won't be a chance they get plowed in. Those vehicles that are inoperable or without registered plates may be towed from the lot at the owner's expense and this will delay the snow removal process inconveniencing your neighbors.

Thank you,
